Ecological Footprint

Place of reference (for post event report)

Ecological Footprint (summary)

The online live broadcast made it possible to save

17 tons of CO2 *

The online live broadcast made it possible to avoid

118 008 km
travelling regular transportations *

and to save

242 hours *
of transportation time *

* compared to an event where attendees have to travel a distance to reach the mentioned broadcast location through regular means of transportation from the city they come from.
